SPECIAL TOOLS

F1B Pliers/Carton Closing Staplers/HEAD-Line/Corrugated Stapler/GABION Tool

From bedding pliers, carton pliers, carton closing staplers to corrugated fastener tool models and the automated system "NAILING HEADS" that provides a stable and powerful platform for mounted high-load coil nailing tools, FASCO provides a broad range of tools for almost any application.

INVISIDECK® Installation Tool:

F36 RHN33-38 DT

Installation tool with patent pending nose. Designed to hold INVISIDECK® I-CLP CLIP.

SCRAIL® er:

F33/F45C/ F58AC/F6AC-Scrailer for SCRAIL® fasteners up to 75 mm

FASCO SCRAIL®ers provide the right match up when driving the versatile and innovative SCRAIL® fasteners.

SCRAIL® – The Versatile Fastener

Finish projects faster by switching to SCRAIL® fasteners, the performance-driving crossover between a screw and a nail. SCRAIL® fasteners provide the speed and resulting labour cost savings of nails, with the dramatically increased holding power of screws.
